Moved by Mrs. McLeod that the minutes of the Dormitory meeting held in conjunction with the Budget committee meeting on March 18th be adopted. Carried.

Moved by Mr. Sanders that the budget as drawn up by the Budget Committee on a basis of 16 mills be adopted. Carried.

License Plates On Sale Last Week

The new 1947-48 car license plates were on sale in Wainwright last Friday morning and up to press time there have been numerous applications made for the new plates, which have white letters on a black background. The serial or prefix number this year is 87 thousand.

The sale of the plates this year has been held up until now because of special legislation pending the compulsory insurance act which has just recently come before the legislature.

The legislation reads that each motorist shall pay into the government an extra dollar to go into an "Uninsured Judgement Fund". The purpose of this fund is to insure a person injured in an auto accident of funds capable of taking care of medical expenses, if the owner of the vehicle is not covered by insurance. This being the case the motorist will have his drivers license cancelled until restitution is made to the fund or to the person so injured.

The act is similar in most respects to the legislation that the province of Manitoba has had in effect during the past couple of years. Plates and drivers licenses are available this year at the office of Mr. David Gibson, who has handled same during years past.

C.M.H.A. Hold Meeting In Wainwright

Mr. J. Younie, a representative of Great West Life Assurance Co., visited Wainwright on Wednesday last week and interviewed approximately 20 prospective home builders who might be interested in building under the Central Mortgage and Housing Association.

Mr. Younie outlined the scheme and showed that his company might be willing to come into the home mortgage field in Wainwright. He explained the scheme fully, showing how it was possible to build under the Act and pay off the debt as well as owning the house in a period of 15 or 20 years.

Mr. Chas. Wear of Wainwright Construction Co. was on hand to answer questions pertaining to the building aspect of the proposition.

The general feeling of the meeting was that, with present day prices, many thought that building was out of the question for this year. However those present thanked Mr. Younie for the trouble that he had taken to come to Wainwright.

It is possible though, that some townspeople who were not present at the meeting, but who are interested in home building, might take up the offer of the Great West Life Assurance Co., and further action in the future may be the result.

There is a crying need in Wainwright for more modern type homes and with the housing situation as it is in Wainwright something along the line that was outlined by Mr. Younie will have to be started if any housing programme is to be made available to prospective home owners.

Think of the time we spend getting out of things we never should have gotten into.

Our need is not for men who can prove their party right but who can put their country right.

In The Legislature

By W. Mason, M.L.A.

Alberta car licenses this year will be \$1 higher. This money will go into a fund which will provide a source of assistance in case of accidents where the one liable has no funds to pay for damages awarded. Free hospitalization will be provided to people who sustain injuries as a result of car accidents. The effect of changes in regulations will mean that, to protect their own interests, people will be well advised to carry automobile insurance. The Act does not say that car operators must have insurance, but if anyone is operating a car without insurance, and has an accident, he will lose his driver's license. Motorists may secure the insurance anywhere they like. The Alberta Compulsory Insurance Office will begin writing schedules until August 1st of this year. Carried.

Moved by Mr. Lawson that we adjourn. Carried.

Teachers negotiating committee met with the Board at 5:00 p.m. re salaries. No action taken.

Next meeting of the Board will be held at the office on April 26th beginning at 9:00 a.m.

The new 1947-48 car license plates were on sale in Wainwright last Friday morning and up to press time there have been numerous applications made for the new plates, which have white letters on a black background. The serial or prefix number this year is 87 thousand.

The sale of the plates this year has been held up until now because of special legislation pending the compulsory insurance act which has just recently come before the legislature.

The legislation reads that each motorist shall pay into the government an extra dollar to go into an "Uninsured Judgement Fund". The purpose of this fund is to insure a person injured in an auto accident of funds capable of taking care of medical expenses, if the owner of the vehicle is not covered by insurance. This being the case the motorist will have his drivers license cancelled until restitution is made to the fund or to the person so injured.

The act is similar in most respects to the legislation that the province of Manitoba has had in effect during the past couple of years. Plates and drivers licenses are available this year at the office of Mr. David Gibson, who has handled same during years past.

New Birth Certificates Available April 1st

Albertans soon will be able to obtain portable birth certificates.

This was revealed Friday by Arthur Packford, deputy registrar general for the department of vital statistics, in the announcement that on April 1, a new type of birth certificate—about the size of the national registration certificate, weather proof and almost indestructible—will be issued.

Mr. Packford said that Alberta was the second province to issue this modern type of certificate, and that eventually all provinces would follow suit. Ontario began issuing them in September.

The new certificate is produced right in the office of the vital statistics branch and is fused into a plastic strip under 20,000 pounds pressure and 360 degrees of heat. The card cannot be removed without being completely destroyed, said Mr. Packford, which eliminates the possibility of changes on it.

In addition to being far more handy for carrying, the card bears the record number for verification purposes by the Family Allowance branch.

He said that British Columbia would issue a similar type of certificate soon. —Edmonton Journal

CARD OF THANKS

The Members of the Committee Officers and Ratings take this opportunity of thanking Dr. J. D. Wallace and Dr. J. E. Bradley for the medical inspection services they so kindly rendered to the Sea Cadet Corps last week.

Leut. D. Featherstone, C.O.
Cpl. D. Beesing, Committee Chairman

"Little Royal" at V.S.A.

Persons interested in Agricultural Fairs and particularly those interested in the agricultural educational programme being conducted at the Vermilion School of Agriculture will enjoy a visit to "The Little Royal" which is being held on Wednesday afternoon, April 2nd.

"The Little Royal" is an Agricultural Fair at which students at the School of Agriculture exhibit projects on which they have worked during the current term and display enterprises representative of their classroom studies. Home Economic exhibits will be shown in forty-six classes, including sewing, handicrafts and cooking. There will be some thirty classes of metal-work, wood-work and field crops, as well as twenty classes of livestock—trained, exhibited and shown by the students. The display of farm buildings constructed by the students will be a special feature of this year's Fair.

The spacious Farm Mechanic Building provides excellent facilities for staging "The Little Royal" and permits the accommodation of a large number of visitors—rain or shine. Many former students of the School, prospective students and others who can attend will appreciate the opportunity to inspect the School and to see the work that has been accomplished by the present class.

Cars Collide West Of Wainwright

About 7:30 p.m. Saturday last, March 29th, two cars driven by Mr. Hugh A. Fraser of Fabian and Mr. John Sundberg of the Irma district, became involved in an accident five miles west of Wainwright.

The accident occurred just east of the river hill and through misjudgment by one of the drivers the left front wheel on both cars caught in passing. Mr. Fraser was travelling east coming into Wainwright and Mr. Sundberg was travelling west. Neither of the drivers or any of the occupants of either car received any apparent injury, but damage done to each vehicle was estimated to be in the neighborhood of \$100.00.

St. Andrew's Congregation Bid Farewell To Minister

A very enjoyable and entertaining social evening was held Wednesday evening, March 19th, in the class room of St. Andrew's Presbyterian Church, when a number of people gathered as a group to bid farewell to the Rev. and Mrs. Hancock. Games and community singing were the order of the evening and a very enjoyable time was held, all taking part.

After the presentation of two very beautiful letters to the Rev. and Mrs. Hancock by the chairman for the evening, Mr. Wm. Carrell, Rev. and Mrs. Hancock in their turn thanked in very fitting words the congregation for their loyalty and support to them in the past two years.

Members of the church also supplied a delectable lunch after which "Auld Lang Syne" climaxed a very enjoyable evening. —Con.

Bazaar and Tea In Legion Hut

A very successful bazaar and tea was held at the Legion Hut recently, sponsored by the Ladies Auxiliary to the Canadian Legion B.E.S.L. We take this opportunity to thank each and everyone who helped in any way to achieve this success. —Con.

Sunnyvale U.F.W.A.

(Too late for last week)

Sunnyvale UFWA met at Mrs. Warnock's on March 13th. Meeting was opened by repeating creed and singing "When Irish Eyes Are Smiling". Roll Calls for February and March combined. February roll call realized \$2.06 and for March, many valuable ideas for new kitchens were given.

Ladies decided to start their third layette using wool from Central for knitted articles. Letter of sympathy was sent to Mrs. Lewis. Address entitled "What Price Education" given by Mrs. J. Elliott at the UFWA Convention 1947 was read. Discussion followed. Bulletin on "Horticulture—Is Research Meeting It's Needs" was read. Questionnaire was discussed and tabled until next meeting to be read in then, after more thought.

Mrs. Empey's Thought of the Month—"One way to success is to learn how to control ourselves". Parcel of food supplies packed for member visiting in Wales. There were six members and two visitors present. Two more Cook Books were sold.

Spring Fashion Show

Something new in entertainment for Wainwright was held on Friday in the Separate School Auditorium when the New Canadian Club in conjunction with The Fashion Shoppe presented a Fashion Show and Tea both in the afternoon and evening to well over 300 of an audience.

Mrs. J. Mitchell president of the N. C. Club opened both shows with a short address of welcome and then Mrs. Mary Ganderon took over and gave a very interesting and descriptive commentary on each model's attire as she gracefully walked down through the crowd to give them a better view of her ensemble. Those modelling clothes included Mesdames L. W. Smith, F. W. Church, L. Mitchell, R. Legney, E. Walker, R. Daymond, R. Taylor and Misses Marguerite Charlier, Jean Cardell and Florence Riddle, and lastly little Misses Beverly Mitchell and Judy Nuel who were lovely models for the 4 to 5 year olds attire.

The last word in the new trend and arrangement of costume jewelry was shown with jewelry from Walker & Fenice.

The stage and steps on which the models descended were effectively decorated with flowers and potted ferns. Fresh cut spring flowers were placed on the tables which were arranged cabaret style in the hall. Miss Shir-

Taylor and Misses Marguerite Charlier, Jean Cardell and Florence Riddle, and lastly little Misses Beverly Mitchell and Judy Nuel who were lovely models for the 4 to 5 year olds attire.

The last word in the new trend and arrangement of costume jewelry was shown with jewelry from Walker & Fenice.

The stage and steps on which the models descended were effectively decorated with flowers and potted ferns. Fresh cut spring flowers were placed on the tables which were arranged cabaret style in the hall. Miss Shir-

Cars Collide West Of Wainwright

About 7:30 p.m. Saturday last, March 29th, two cars driven by Mr. Hugh A. Fraser of Fabian and Mr. John Sundberg of the Irma district, became involved in an accident five miles west of Wainwright.

The accident occurred just east of the river hill and through misjudgment by one of the drivers the left front wheel on both cars caught in passing. Mr. Fraser was travelling east coming into Wainwright and Mr. Sundberg was travelling west. Neither of the drivers or any of the occupants of either car received any apparent injury, but damage done to each vehicle was estimated to be in the neighborhood of \$100.00.

St. Andrew's Congregation Bid Farewell To Minister

A very enjoyable and entertaining social evening was held Wednesday evening, March 19th, in the class room of St. Andrew's Presbyterian Church, when a number of people gathered as a group to bid farewell to the Rev. and Mrs. Hancock. Games and community singing were the order of the evening and a very enjoyable time was held, all taking part.

After the presentation of two very beautiful letters to the Rev. and Mrs. Hancock by the chairman for the evening, Mr. Wm. Carrell, Rev. and Mrs. Hancock in their turn thanked in very fitting words the congregation for their loyalty and support to them in the past two years.

Members of the church also supplied a delectable lunch after which "Auld Lang Syne" climaxed a very enjoyable evening. —Con.

Bazaar and Tea In Legion Hut

A very successful bazaar and tea was held at the Legion Hut recently, sponsored by the Ladies Auxiliary to the Canadian Legion B.E.S.L. We take this opportunity to thank each and everyone who helped in any way to achieve this success. —Con.

Spring Fashion Show

Something new in entertainment for Wainwright was held on Friday in the Separate School Auditorium when the New Canadian Club in conjunction with The Fashion Shoppe presented a Fashion Show and Tea both in the afternoon and evening to well over 300 of an audience.

EDGERTON

The Free Picture Show tickets donated by the Red and White Store were won by Mrs. Frank Davis, Joan Welsh, Gert Miles and Ted Hallett. The ballot box is in the O.K. Store this week.

Mr. Art Cooper of Edmonton was here for a couple of days. Mr. Smith of the National Film Board showed a series of pictures at the school last Tuesday.

The girls of the St. Mary's Junior W.A. went to Wainwright to attend a rally conducted by Miss Arva Stuart. Mrs. Dud Sawyer took the girls by train and Gert Miles fetched them home at night.

Mr. Ralph Reed has just taken delivery of a new Chevrolet car.

The Edgerton and District Old-timers' Association held their Annual meeting and social evening in the Memorial Hall last Wednesday. Upwards of 100 attended and sat down to a splendid banquet ably organized by the entertainment committee. A number of "Old Time" films were shown by Billy Skene and George Sawyer showed a selection of his own films. Mr. James Taylor the retiring president gave a resume of the past year's activities and Mr. Dud Sawyer showed the finances to be in a healthy condition. A hearty vote of thanks was passed to the retiring officers. Mr. George Sawyer was elected president; Mr. Art Nelson, vice-president; and Mrs. Harvey Spornitz, secretary-treasurer. Entertainment and Sick Committees were also elected.

Mrs. Millard left Thursday for Toronto where she has gone to her sister.

A public meeting was held in the Memorial Hall Thursday to consider the advisability or otherwise of applying for the Village to be included in the Wainwright Hospital area. There were 28 ratepayers present and heard the set-up explained by Mr. Gordon Graham, secretary-treasurer of the Wainwright hospital board who came down for that express purpose. He was accompanied by Mr. Frank McLeod, Mr. H. E. Spencer also attended the meeting. The outcome of the meeting was that a petition is to be taken to every taxpayer in the Village and the scheme explained were necessary and that each ratepayer be given the opportunity to sign the petition if he feels so disposed to do. The main attraction is that if this Village votes to go into the Hospital area the residents will be subject to the greatly reduced rates for hospitalization. It would require a two-thirds vote in favour of entering the area.

The United Church W.A. will meet Thursday evening at 8 p.m. at the home of Mrs. James Steele.

Mr. and Mrs. Ralph Reed, George Phillips and George Nesbit made the trip to the city by car Saturday to see the hockey game.

Mr. and Mrs. Bob McKay accompanied by Mrs. Montgomery also were in the city over the week-end.

SHEEPSKIN FLATSS

The Young People have done very well with their play having taken it to Rosedale Hall Wednesday the 28th and to Carone Hall Friday the 26th, having good crowds each time.

Mrs. Bob Roberts is visiting with her parents, Mr. and Mrs. G. Boyd. We are glad to hear Miss Georgina Gardner is progressing nicely.

Mr. Don Tester was a visitor in the district over the week-end. Everyone is busy these days overhauling their tractors. Spring must be just around the corner.

Mr. Houski is visiting with friends in the city.

Mrs. Vern Templeton has been sick in bed for the past three days with the flu, we hope to see her around again soon.

PELICAN

Congratulations to Mr. and Mrs. Billy Holland on the birth of a grandson in Winnipeg, and on Billy's birthday too, March 17th. Now she's really Grandma Holland!

We welcome Mr. and Mrs. W. Rowles who are visiting in the district again.

(This week)

Pelican UFWA are holding their whist, sale of work and dance at Pelican school on Wednesday, April 9th, whist to start at 8:30 sharp. Come and have a real good time before spring work.

Last Tuesday there was a good turnout for the N.F.B. pictures which were very interesting and informative.

Mr. D. W. Holland has been to Edmonton.

Mr. Bill Cornfield has returned from a trip to the States for medical treatment.

Several industrious UFWA members met at Mrs. Aasen's Wednesday and quitted a lovely rayon crib quilt.

There will be a meeting of representatives from the UFWA local to make plans for the Summer Conference, at Mrs. Warnock's home in Edgerton at 2 p.m. on Saturday, April 5th.

We understand that Mr. and Mrs. H. Belk have bought a place at Vancouver.

FABYAN

We are sorry to report that Mr. Johnson a patient at the local hospital and who has a speedy recovery.

A misfortunate car accident occurred on Saturday night just east of the river hill when one driven by Mr. H. A. Fraser of Fabyan and Mr. John Sundberg of Irma's district collided. Fortunately no one was seriously injured.

Mrs. Smith of Tofield is visiting with her son Stan and family.

Mr. Joe Ploker is a patient at the Wainwright hospital.

Mrs. Joe Dalton of Wainwright is a guest at the home of Mr. and Mrs. Fred Bacon this week.

Mr. and Mrs. Ray Thomson of Edmonton arrived at the week-end to spend the spring and summer at the Madder home.

The Ploker-Pitpatrick wedding dance held at the Fabyan school Wednesday night was a huge success.

Mrs. Theodore Smith of Wainwright visited with her son Jason at the Mike Roth home last week.

HEATH

Mr. H. Walker of Edmonton is busy assisting his son Bert, who is preparing to take some of his Herford to the Edmonton Spring Stock Show and Sale next week.

Mrs. V. Ough of Edmonton is visiting at the home of her parents Mr. and Mrs. H. H. Smith.

Mr. and Mrs. John White of Chauvin were guests at the home of Mr. and Mrs. J. Hughes on Sunday.

Measles are again in the district, Mrs. Ewart Wiley and Douglas Walker being ill with them.

On Friday last Mr. and Mrs. Joe Touchette had an auction sale when they disposed of their farm equipment and stock. They are moving to their new home in Wainwright as soon as the ban is lifted on our municipal roads. While we very much regret losing our old neighbors we wish them much success in the future.

The Ladies of the Health Community Club served lunch at the Touchette sale and cleared the sum of \$27.24. The proceeds are being divided between the Red Cross and the Peace Memorial Fund in Wainwright.

Congratulations to Mr. and Mrs. J. Baker (nee Gladys Spornitz) of Chauvin on the birth of a son.

On Friday evening Mr. Smith of the National Film Board was at Heath school where he showed several very fine films. Everyone is looking forward to his next visit in approximately five weeks time. Please watch for posters.

GREENSHIELDS

Mr. Chas. Stewart is the proud owner of a new Dodge truck.

Mr. Morrison is busy cleaning grain these days with his new fanning mill.

Miss Haywood was a between trains visitor at the Morrison's on Thursday.

Miss Sheila Bishop spent Wednesday afternoon with her parents.

Mr. and Mrs. Bishop were overnight visitors at Wainwright on Friday.

It has been reported that the geese, cranes, rolling and meadow larks are back and the crocua's are budding, so Spring must be here at last.

It is to be hoped that the M.D. Council doesn't forget us in the district when it comes to road building time. Further improvements to the roads should be made and the sooner this is done the better.

GERALD

(Two late for last week)

The March meeting of the Gerald Club was held at the home of Miss A. Zehnder on March 20th with Mrs. L. Myggland presiding. Ten members and one visitor were present. Roll call was "An Irish Joke". A donation of \$25.00 was made to the Red Cross.

The contest given by Mrs. E. Gullison was won by Mrs. G. Valieu. Miss Zehnder served a delightful lunch on a table prettily decorated with St. Patrick decorations.

The Farm Forum meeting of March 27th was held at the home of Mr. and Mrs. R. Campbell with ten members present. The broadcast was on the subject "Who Will Farm in the Future". An interesting discussion took place, some card games were enjoyed and so was the lunch served by Mrs. Campbell.

The Farm Forum group met on March 24th for the last meeting of the season at the home of Mr. and Mrs. L. Myggland with 19 members present. Questions about Farm Forum broadcasts for next year were answered. A letter from the Alberta secretary states that a conference will be held in this district next fall. After some games lunch was served by Mrs. Myggland.

Mr. and Mrs. F. McClenon of Lloydminster were visitors over the week end at the home of Mr. and Mrs. L. Myggland.

FOR 1947—

It's SMART to Own an Olds!

**SMART STYLING**

The 1947 Oldsmobile comes to you in bright new colors with smoothly flowing lines and tastefully tailored interiors!

SMART DRIVING

All new Oldsmobiles offer GM Hydra-Matic Drive* — proved, perfected, now at its peak!

**SMART BUY**

There are three full lines of 1947 Oldsmobiles — General Motors quality cars in every way!

Oldsmobile Series "98" 4-Door Sedan

Smart is the word for Oldsmobile's 1947 styling... the long, rakish lines... the attractive new colors... the over-all impression of quality and good taste.

And smart is the way you'll feel... once you drive a new Oldsmobile of your own. You'll enjoy the admiring glances that follow you down the street. You'll revel in the comfort and luxury of Oldsmobile's coil-cushioned ride. And above all, you'll find a new kind of deep-down satisfaction in the Oldsmobile way of driving... without shifting gears... without pushing a clutch... thanks to GM Hydra-Matic Drive*. This is the fully-proved, fully-automatic drive... the drive that does all the gear shifting for you, from first through a special economy fourth speed... the drive that takes the clutch pedal right out of the car!

Three complete lines of cars to choose from... every one a General Motors value... and every one a smart choice for 1947!

WAINWRIGHT, WEDNESDAY, APRIL 2nd, 1947

IT'S UP TO THE VOTERS NOW

For the past four or five years the overcrowding conditions of the Wainwright Municipal Hospital have been well known and at times it was necessary to make arrangements for entry weeks in advance. This among many other things is the chief reason for a new hospital addition which the people of the hospital district are being asked to vote on in the near future.

The voting day has been set for Saturday, April 26th, from 10:00 a.m. to 8:00 p.m., and everything possible to make for easier voting has or will be done to cause the least inconvenience to the voters.

One thing that seems strange to us is the fact that this vote is not a straight proprietary electors vote. When a sum like \$185,000 is to be spent, our opinion would be that only ratepayers should be entitled to vote, but this is not the case. Any person if they are a father, mother, son or daughter of any other person, liable for taxes to the Town of Wainwright or the Municipal District of Wainwright will be entitled to vote.

The voters lists are in the process of being prepared by the returning officer, and when one stops to think that the hospital area comprises land in four different municipalities as well as a few towns and villages it must be no mean task lining everything up.

The important thing for everyone entitled to vote on Saturday, April 26th, is to do so and to cast their ballot in the affirmative. Wainwright has needed a larger hospital for some years past and only in this way will plans ever materialize for the erection of a new 30 bed addition to the present premises. The cost of such a scheme is to be financed by debentures with interest not to exceed 4% per annum payable in 20 years. This has held little terror in the past, for all through the depression years never a single debenture payment was missed. This year or next winds up the last payment as to debenture and interest for the present hospital.

It is not expected by the hospital board that taxes will rise very much, if at all, because it is hoped that additional territory will be added to the present hospital area, and with additional ratepayers to help carry the load it will mean a levelling of the tax burden.

In a few days, or sometime before the vote, each voter will receive a flyer outlining the future plans and the why and wherefore, and all aspects of the scheme. Study this for it is intended to give all the information regarding the proposed addition.

Announcement will be made later as to where to cast your vote. Make it a point to learn where you vote, and on Saturday April 26th, make sure that your "X" is placed "FOR THE BY-LAW".

'TIS SHOOTING TIME

With the coming of Spring it is just natural that all nimrods are anxious to try out their guns, especially if it is a small calibre .22. The only thing, anxious as we all are, care should be taken not to destroy other peoples property. Every person who handles a gun should be very well acquainted with rules and regulations and safe handling of weapons. Every spring farmers report to the police of damage being done to their property and to cattle and horses in particular. Wanton destruction as this should never happen, but in all too many cases it does. Town people are the worse offenders. If a little precaution and care is taken accidents are not likely to happen. If youngsters are going shooting (a very dangerous practise at any time) competent instruction should be given them. This is the parents duty, one which will save untold grief and misery by possible injury to someone.

Hints for the Household

YOUNG AND OLD ENJOY EGGS AT EASTER TIME

With the coming of Spring, a sense of joy and happiness seems to invade all domains. The snow is rapidly disappearing, grass, crocuses, laurels, etc., are coming out and all nature smiles.

Men, women and children go about their business as if they had shed a heavy burden. The animals also feel the change, the hens for instance decide they have been lay long enough and start laying again.

At Easter one immediately thinks of eggs; children of all ages, although some of them would object to being called children in other circumstances, are having been watching the store windows and counters for their favorite Easter egg. Mothers on the other hand have other eggs to fry, boil, poach, scramble, etc. The more eggs there are, the better they like it for making dishes and to suggest dishes that may be lacking in protein.

Eggs have a place in any of the three daily meals and also in any course of the meal, from appetizer to dessert. Occasionally we find persons who say they do not like eggs, meaning the egg poached, scrambled and so on. These same persons do not usually object to eating desserts and other dishes in which eggs are used, but disguised. It really is not difficult to include sufficient eggs for the non-egg eater because, fortunately there are many desserts and sauces in which eggs lose their identity.

Spring is a wonderful season but sometimes before its good effects are felt a person feels sort of limp after the long winter struggle and needs a little extra food. This surplus food might take the form of egg nogs between meals. Again, a plain egg nog might be objectionable to some people, this can easily be overcome by flavouring the egg nog well with spices or a sweet flavouring.

The home economists of the Consumer Section of the Dominion Department of Agriculture suggest ways of using eggs in the daily meals.

SPANISH EGGS

- 6 eggs
- 5 strips bacon
- 1 onion, onion, chopped
- 1 tablespoon flour
- 2 cups canned tomatoes
- 1 green pepper, chopped
- OR 2 tablespoons chopped parsley
- 1 cup chopped celery
- Salt and pepper

Hard-cook eggs: cover to a depth of one inch with cold water, heat to boiling point, set where water will keep hot and let stand 15 minutes. While eggs are cooking, cut bacon in small pieces and cook until crisp. Remove bacon from pan and cook onion in the bacon fat until clear. Blend in flour, add tomatoes, green pepper and celery and simmer 20 minutes. Add bacon, salt and pepper. Remove shells from eggs, cut in half lengthwise and arrange in serving dish. Pour hot sauce over eggs. Six servings.

MOULDED EGG SALAD

- 1 tablespoon unflavoured gelatine
- 1/4 cup cold water
- 1 1/2 cups boiling water

- 2 tablespoons vinegar
- 1 teaspoon salt
- 4 hard-cooked eggs, sliced
- 1 tablespoon chopped parsley
- 3 tablespoons chopped pickles
- 1 tablespoon grated onion
- 1 tablespoon chopped pimiento

Soften the gelatine in the cold water. Add boiling water, vinegar and salt. When the gelatine mixture begins to stiffen, add the remaining ingredients. Pour into wet moulds and chill until firm. Serve on crisp lettuce or other salad greens and garnish with mayonnaise.

ALMOND SPONGE

- 1/4 teaspoon salt
- 4 eggs, separated
- 1/4 cup sugar
- 1 cup sifted pastry flour
- OR 1 cup less 2 tablespoons sifted all-purpose flour
- 1/4 teaspoon baking powder
- 1/4 teaspoon vanilla

1/4 teaspoon almond extract
 Add salt to egg whites and beat until stiff but not dry. Gradually beat in 1/4 cup sugar. Beat egg yolks and gradually beat in remaining 1/4 cup sugar and flavourings. Fold half the stiffly beaten whites into the yolks, then add the flour, mixed and sifted with the baking powder, stirring lightly. Fold in the remaining egg whites. Turn into a lightly greased 8 x 8 inch cake pan. Set in a pan of hot water and oven-proof in a moderate oven, 350° F., for 30 to 40 minutes. Cut in squares and serve with the following sauce, 8 to 10 servings.

DANGER SIGNALS

Twinges, or just plain tiredness, may be danger signals of illness ahead, say the doctors. "Take care of the little aches and the big pains will look after themselves," they declare. "One of the essentials for complete and speedy relief from illness is early discovery of underlying causes of a complaint. So minor discomforts should not be ignored or allowed to pass unexplained. See a doctor for even the little things, and forestall development of more serious trouble."

FARMING NOTES

By Prov. Dept. of Agriculture

PLANNING FOR LATE

SUMMER STRAWBERRY CROP
To obtain a full crop of strawberries, it is necessary to have an ever-bearing variety, large, strong plants are best and should be planted early in the spring or the previous August of the year fruit is expected, says F. V. Hutton, Superintendent, Dominion Experimental Station, Prince George, B.C.

Overbearing varieties such as Waynes or Rockhill, Gen. Sports or Pinks will also give a crop in late June and July when well established. If the varieties mentioned are not listed by your favorite nursery, write to your nearest Dominion Experimental Station where a list of nurseries which have overbearing varieties can be obtained.

Strong plants should be used as those that are weak may not fruit the first year. Such plants also indicate freedom from disease. Young plants can be distinguished from old in having nearly white roots, while old ones are darker.

Strong, young plants set out in early May on rich loamy soil should start to flower in June. All blossoms should be removed until July 1st, as to encourage development of the plant or the production of runners, which will ensure the next season's crop. If runners are not desired, the plant will develop better and, later, fruit better if the early blossoms are removed. In case the plants were set out the previous August, it will be unnecessary to remove the flowers in June.

To protect the berries from splashing and damage from soil, it is desirable to place a light litter of fine straw or coarse peat among the plants some weeks before they start to set fruit. When applied early, the litter will work more closely around the plants and with less injury than if applied when the fruit has set. Where winter covering is practiced it is customary to leave some of the covering as a protective litter.

VITAMINS AND THE DAIRY COW
Many dairymen are still wondering how much and what kind of vitamins should be fed to their dairy stock. It is generally known throughout dairying circles that B, complex vitamins and vitamin C are synthesized in the rumen of the cow's stomach. In general, cows receiving adequate grain rations are well supplied with vitamin B. Therefore the main worry of the milk producer is to supply optimum amounts of vitamins A and D, says S. R. Noble, Dominion Experimental Station, Sumnerland, B.C.

With the advent of modern hay-making machinery, vitamin A potency is being increased in hay. However, vitamin D is being lowered due to a smaller amount of ultra-violet (direct sunlight) irradiation. Legume hays are very high in vitamin A as

compared with grass hays. In districts where legumes cannot be grown grass silage has proved popular as a high protein and vitamin A feed. The cow stores large quantities of vitamin A and D during the summer months when on pasture. If feeds of high quality are not fed during the winter months, these stores are seriously depleted before Spring and deficiency of vitamins A and D is the result.

Experience at the Experimental Station, Sumnerland, has illustrated the desirability of high quality alfalfa hay for winter feeding. For the past 20 years, enviable records of production have been made, also many long distance champions and near champions. These records could not have been made had not the cows been in excellent health.

Probably most of this success can be attributed to the high quality alfalfa hay which is fed. Adequate quantities of a grain mixture supply additional vitamins A and E. Every opportunity is taken of the hours of sunshine to keep the animals outside, even for as brief a period as a half hour in the winter months. Sunshine, at high noon in the winter-time, is the cheapest and best source of vitamin D, which is so necessary for proper bone development.

Farmers who have good quality, green-colored legume hay, luxuriant and vigorous pastures, adequate grain rations, and keep their stock out in the sunshine as much as possible, should not have any serious trouble from vitamin deficiencies. Grass silage is an alternative to legume hay in areas where rainfall and soil type prevent the growth of alfalfa hay.

GARRY OATS

This year another new oat has been licensed for use in Canada—GARRY OATS—an oat that has had more time and effort and brains put into the breeding of it by our plant breeders than probably any other oat we know of. Garry oats is resistant to all known races of rust that affect the oat plant. It is high yielding and has a nice plump white kernel, an oat I suggest that our farmers have for long been needing, for all existing varieties, with all their good points, have certain defects, most of which are overcome with Garry. There is a small amount of seed only available. This is being multiplied with great care under government supervision by selected seed grower specialists and it is expected that the seed of Garry will be available for general distribution in about two years.

Garry oats is another example of the remarkable work being done by our plant pathologists, our rust research workers and many other scientific agriculturists, to remove as many hazards as possible from crop production, so to ensure better income security to our farmers. It is expected that Garry will replace a number of oat varieties now in common use.

ITEMS OF INTEREST IN

THE WORLD OF FOODSTUFFS

Australia's wheat production is now estimated at 117 million bushels or about 70% of average according to latest official estimates—Rumania is now negotiating with Argentina for the purchase of 15,700,000 bushels of corn. Other recent purchases by Rumania were six million bushels of feed grains and one million bushels of seed grain.

China's wheat production for 1946 is reported to be 859 million bushels, some 20% above the average of 716 million bushels—The Finnish Government has granted authority for the signing of a credit agreement with Argentina for 16 million dollars, enabling Finland to purchase some 1,785,000 bushels of rye, and 838,000 bushels of wheat.

8:00 p.m.

Be present at the Good Friday

service at 11:00 a.m.

REV. H. ROSENKE, Pastor

Mrs. E. W. Carter attended the
Grand Lodge session of the Ladies
Orange Lodge held in Edmonton on
March 18th, 19th and 20th. Mrs. Car-
ter has been a Grand Lodge officer
for several years and this year was
elected to a new office, that of Dep-
uty Grand Mistress. During her ab-
sence Mrs. June Carter assisted at
the Dormitory.Correction: We regret the error
which occurred in last week's edition
of the Star. The first line in the Pen-
tecostal Church Card should have
read "How can a child pray at its
mother knee when they are against a
theatre chair or under a card table."Messrs Lawrence Dahl, Clarence
Fraser and Jack Peacock arrived
home at the week-end from Great
Slave Lake. The trip having taken
two weeks to complete.Congratulations to Mr. Colin Han-
nah (Scottie) who we understand has
a position as radio announcer with
CJRBQ at Belleville, Ont.Constable J. Harrison, RCMP spent
a few days in the city at the week-
end and while there took in the
hockey game.Mr. and Mrs. Geo. Reynolds ar-
rived home on Friday after spending
the winter months in Riverside, Cal-
ifornia. They motored home and re-
port a good trip.Mr. N. Murphy formerly of Price
Andrews Motors is now employed at
Wainwright Auto-Body Works.Mr. Dixon Montjoy from Reynolds
Garage is in the city this week tak-
ing a three day course on Chrysler
Products.Mrs. Gavin Peacock is a patient at
the local hospital and best wishes are
extended for a speedy recovery to good
health.Mr. C. Macmillan is away these days
attending a conference of the Cal-
gary Power Co. Ltd.Mrs. Bob Haire who has been a
patient at the local hospital is great-
ly improved and will return home
this week.It Pays To Advertise: Mr. Ed.
Turner of Turner Electric, reported last
week that he had received two
inquiries from Edmonton regarding
an item advertised in The Star. The
article was the B-40 furnace controls
which are on sale in Edmonton and
advertised in the dailies. Just goes
to show that people don't read the big
papers like they do the small home
town weekly.Mrs. B. Hodgkiss Jr. is visiting in
Jasper with her son Benny and fam-
ily.Mrs. F. Aykroyd and son George
Easter returned home after spend-
ing the winter at Kingston, Ont. Mrs.
Thomas Raven an old-timer of Wain-
wright district accompanied her and
is renewing acquaintances.Mrs. F. Stevenson spent a few days
in Edmonton last week with friends.Mrs. June Cartier spent a few
days in Edmonton last week the
guest of Miss Hilda Daugherty.Mr. G. Conroy drove over to Veg-
reville on business last Friday.

DIPHTHERIA DEATHS

SAID UNNECESSARY

No child, even in the most isolated
home, need die of diphtheria today.
It was stated here by Dr. Jocelyn
Patton, Chairman of the Immuniza-
tion Committee of the Province of
Quebec Division of the Health League
of Canada.Dr. Patton was commenting on
what termed the "unnecessary"
deaths of four children in one small
community in this province a few
months ago."Wherever there is a church, a
school, a hospital, or a doctor, there
can be set up an immunization clinic
for at least one week in every year,"
she said. "It should be the duty of
clergy, teachers and doctors to urge
the parents in their district to pro-
tect their children against prevent-
able disease.""Posters, drawing attention to the
value of toxoid, should be put up in
public places, while all homes should
be circled by mail."Some day the desire to make living
better will be stronger than the wish
to make a better living. And that
"some day" must come soon.We need to make family life more
businesslike and business more like a
family.

AUCTION SALES

Dear Walter:

Re weather comments in the local issue of your Wainwright Star.

This will confirm your opinion that while the residents of the district may have all the information of the actual weather (of which they can do nothing about) those who are away will appreciate the information as to what the weather man had in store for those at Wainwright.

From the information given by the municipal report, covered by the Wainwright Star one would be led to believe that the long sought community pasture has hopes of materializing, if I recall correctly the Gilt Edge agriculture improvement association made application for this some six years ago at which time I was the secretary. Credit is due to all the associations and the Wainwright Star for their good efforts.

About the weather here, it really is something that I had no knowledge was within four days by car from Wainwright, the green grass and the flowers that are now in bloom is something that has to be seen to be appreciated.

This is a wonderful city with a lot of possibilities for any one who wants to work. The seed part is the shortage of housing which appears to be as plentiful as the largest mills in Canada are here, manufacturing all plywood and the necessary building material.

The people here are tops just like those you have at Wainwright and are mostly from the prairies, which after all makes a deal of difference.

Your paper is coming through nicely now, but we were a bit behind while we were at Victoria, Ladysmith.

Wishing you the best.

Kathleen and Ray Greer.

er amounts in a turkey breeder diet than in a similar chicken ration. A good practice is the supplemental feeding of a warm, wet mash daily to which has been added extra fish oil. The basis of such a wet mash can be one-half breeder mash and one-half alfalfa meal, moistened with warm milk.

The quality of the proteins in the ration is also important. High levels of some of the vegetable proteins do not produce good hatchability. For this reason small percentages of fish meal and good quality, meat meal are recommended in a breeder ration. The quality of milk proteins is known to be high, and consequently milk products, such as liquid milk in any form and powdered milk should be included in the ration. The amount of whole grain which is fed should be controlled to guarantee that sufficient mash will be consumed by the birds.

The management of the flock will also have a bearing upon fertility and hatchability. Quarters should be well lighted, clean and well ventilated. An outdoor run is advisable but not essential. When the breeders are totally confined, at least nine square feet of clear floor space, exclusive of nests, should be allowed per bird. All obstructions, such as hoppers and drinking pans, should be kept scrupulously clean and located where they will not interfere with mating. Buildings should be sufficiently well constructed to maintain a uniform temperature. Regularity in feeding, watering and collection of eggs also plays an important part in the production of hatchable eggs.

Can. Garden Service

Good Cultivation First

Either in the fall or early spring the garden should be thoroughly dug or plowed. This will turn in manure, rotted vegetable material, etc., destroy a lot of weed seeds, pests, etc., and put the soil in condition for further and fine working. It will also mix top and immediate sub-soil and tend to more evenly distribute natural fertility. At this time it is advisable to work in all the old dead weeds, vegetable tops and any manure that has been obtained. The new gardener is too inclined to burn all rubbish and leaves or send it away with the garbage. This is a serious mistake. Anything that will rot in a reasonable time, and there will be few things that will not, should be dug in. Such improves both light and heavy soils, opening the latter and making it less liable to bake and cake, and adding much needed water retaining humus to sand and light soil.

Except possibly in drought areas, it is a mistake to try to cultivate the garden without preliminary plowing or digging. After this, and just before seed is sown, experts advocate a thorough raking or cultivating to make the seed bed as fine and level as possible. This is especially necessary with fine seeded flowers or in the vegetable garden.

Lawn Work Early

One can hardly do lawn work too early. Grass seed loves cool weather and so does the grass itself. If it doesn't get its start while there is plenty of moisture in the ground and before the sun gets too hot you will not get best results. So just as soon as the soil is fit to work, as soon as one can do this without getting one's shoes really muddy, is the time to plant new lawns or repair old ones. The soil should be worked as fine and level as possible. It is much easier to get a lawn level before the grass is sown than afterwards. With new lawns it may be necessary to work up thoroughly, then roll or allow to settle and work again. Not only does this preliminary cultivation tend to get the ground level but it

also kills the weeds and here again the job is easier before the lawn is established than afterwards.

Good seed with lawns is vitally important. For special purposes like bowling greens, shady places and golf courses there are special types of grass or mixtures. Select a day with as little wind as possible to sow the grass seed, and sow it both across and lengthwise. Sow plenty of seed and fertilize. This compacts weeds. Thick, well fed grass will crowd out most weeds. For those that will not be crowded out, they should spud out or spray with the new 2-4-D, which kills dandelions,

chicory, plantain, etc., with little injury to clover and none at all to grass.

Another early job will be planting sweet peas. These are best sown in a foot deep trench, into which has first been put about three or four inches of well rotted manure or leaves firmly pressed down and a little fine soil on top. Gradually the trench will fill in and a deep drought resistant root growth is developed. Later on some brush or straws should be provided for support. Frequent picking of flowers will assure long blooming.

WANTED

Churning Cream
From YOUR Farm

Our service gives you every advantage. As a thoroughly reliable firm, we have the fine reputation of always giving best grades and tests possible... and of paying highest current prices. Tag your shipment "E.C.D." because—

Your cream is graded by experienced employees

You can ship by truck or train. Take your cream to railway shipping point... or instruct your local trucker to deliver it to E.C.D.

The day your shipment arrives, empty cream cans and your cream cheque are on their way back to you.
